

LIVE INTERACTIVE WEBINAR

EUDR COMPLIANCE

Navigating the EU Deforestation Regulation: Practical Strategies, Due Diligence & Traceability

November 12, 2026
2:00 PM – 4:00 PM CEST

Cesare Varallo
Food Law Attorney & EU Specialist

€200 per attendee
Discounts up to 30% available

Preparing for the EUDR Baseline

Regulation (EU) 2023/1115 mandates strict deforestation-free and legal production proof for key commodities placed on or exported from the EU market. Practical compliance preparation is essential prior to full enforcement.

Actionable Compliance Strategy

Why attend now? With compliance deadlines approaching, companies must transition from manual supplier tracking to robust digital traceability systems. This session provides practical tools, real-world case studies, and clear step-by-step guidance to ensure seamless market continuity without supply chain disruptions.

Key Webinar Learning Objectives

Core Legal Scope & Commodity Obligations

Detailed breakdown of covered commodities (cattle, cocoa, coffee, oil palm, rubber, soya, wood) and Annex I derived products.

Geolocation Data & Digital Traceability

Mastering plot coordinate collection, supplier onboarding, polygon mapping, and EU TRACES submission workflows.

Due Diligence Statements (DDS) & Risk Mitigation

Conducting structured risk assessments based on country benchmarking, legality checks, and verification procedures.

Audit Readiness & Authority Enforcement

Preparing proper documentation trails, handling competent authority checks, and understanding non-compliance liability.
